FROM: CIA DCP Member

SUBJECT: Chinese Communist Purchases of Argentine Borax
and Wood Alcohol

25X1A2g ATTACHMENT: [REDACTED]

1. Permission has been granted to disseminate the information contained in the attached report to Foreign Service posts in West Germany, Switzerland, Argentina, Belgium, Brazil, and Hong Kong for ACTION classified CONFIDENTIAL. It should be noted that this document was discussed at a DCP meeting of 7 August 1958, where a decision was made to limit dissemination of this information to BACKGROUND USE ONLY for Buenos Aires. The Treasury Department member who was not present at the meeting, may wish to make some further use of the information contained in paragraph 2 providing that it is believed likely that a violation of PAC regulations is anticipated through this subterfuge. Furthermore, field dissemination of the information in paragraph 1 may prove less troublesome now that the Argentine-US negotiations on controlling the export of borax have been successfully concluded.

2. It is requested that where CIA source descriptions or numbers are known, no mention of these be made in any further dissemination of this material. Please advise this Agency of the use of the information contained in this report.
